Dear Prime Minister,

16 July, 1982

FALKLAND ISLANDS REVIEW

Thank you for your letter of 12 July, with which you enclosed the Committee's formal minute of appointment.

I shall, of course, bring to the attention of the Committee the conditions on which the relevant papers are made available to the Committee; the procedure which you suggest it should adopt in the event of its feeling obliged to comment adversely on particular individuals; the proposed arrangements for the treatment of sensitive material in the report; and your wish - which I am sure the Committee will share - that it should complete its work as quickly as is consistent with thoroughness and fairness.

I am grateful for the facilities that have so far been made available to us and for your assurance that the Government will do whatever it can to help the Committee expedite its work.

Yours sincerely
Franks
