

10 DOWNING STREET

THE PRIME MINISTER

4 April 1984

Dear Lord Hunt,

I was very touched by your wife's and your thoughtfulness in sending me the message in your letter of 29 March. I had hoped that fair-minded people felt as you do, but one has moments of doubt. So it was particularly encouraging to receive your letter. You understand that it does sometimes hurt to be on the receiving end, especially when the line of attack is through my family.

Thank you so much for writing.

Yours sincerely  
Raymond Storer

The Lord Hunt of Tanworth, G.C.B.
