Dear Madam Prime Minister:

I am grateful to you for your leadership and your gracious hospitality during the Economic Summit. Through your efforts we were able to focus world attention on the commitment of the Summit nations to promote international stability and security. Your comments in discussions with the President will serve as an invaluable element in our policy making in the months ahead.

I was delighted to receive the elegant carriage clock. You were so thoughtful to send it to me. Many thanks.

Warm personal regards.
