BRIGHTON BOMB ATTACK

A large number of foreign Heads of State and Government have asked that their sympathy be expressed to the families of the victims and to those who were injured. In her replies, the Prime Minister has undertaken to do this.

We shall need, in about a week's time, to write to those who were injured and to relatives of those who were killed a letter which tells them of the particular messages from Heads of State and Government and other distinguished foreigners.

Could you please keep a register and let me have it next Friday.

C.D.P.
