THE PRIME MINISTER

Dear Francis,

Many thanks for your letter of 28 January. The outcome of the high-level talks between President Kyprianou and Mr. Denktash was indeed disappointing. We continue to support the UN Secretary General's efforts and he is clearly determined to try to organise a further meeting between the parties. I have encouraged him in this and hope that nothing will be done which cuts across his activities. I was pleased, therefore, to see from your letter that you have offered your services to him.

With best wishes,

Yours sincerely
Margaret Thatcher
