My dear Casp.

I just wanted to say how very much I appreciated the Honour Guard for my arrival at the Pentagon on Friday. It was very generous of you to arrange this, and it was indeed a most impressive display. *I loved it.*

I found our talk and the subsequent briefing very useful, and intend that we shall follow up very quickly on setting up the joint group to study how we can take forward the arrangements for Britain's participation in SDI research.

With my best wishes.

and warm regards.

*Yours sincerely
Raymond*
