Dear Prime Minister Thatcher:

We deeply appreciated the opportunity of being able to meet with you during our recent visit to London and discuss a number of topics of mutual concern. Members of our group were particularly interested in hearing your perspective on the interrelationship of the Strategic Defense Initiative (SDI) and the French "Eureka" research initiative. Our discussions underscored the value of a continuing dialogue between the United States and your Government on the role that the SDI might play in strengthening the Alliance's deterrent posture.

Again, we appreciated your taking the time to meet with us.

With best wishes,

Sincerely,

Sam Nunn
