

MR WHITMORE

*Myself: P.M.*

*I really love this not to pass; our lunch with  
the ladies. In any case we shall be back in time  
for the P.M. does not begin our audience  
is not; and we shall have very much to do.*

Audience, Wednesday, 19 November

*M.W.  
1980.*

The Audience this Wednesday is at 1830 - the usual time. I don't want to spoil our relations with the Palace but we have much the same problem this week as last as it is the Eve of Session Dinner.

Any chance of warning Philip Moore or do we have to leave it this time?
