Economic Summit 1984

Regarding the attached minute from John Coles, he has asked me to look out a new date for the 1984 Economic Summit to be held in this country. My original suggestion was the weekend of the May Bank Holiday, but you asked for it to be two weeks later. I have checked the date of the Trooping the Colour, and this is on 16 June, so you could either have the Economic Summit the previous weekend, i.e., 9/10 June, or two weeks later, i.e., 23/24 June (which will no doubt be the weekend of the Welsh Conference, but as you are due to go this year, this should present no problems).

Would you prefer:-

9/10 June? ✓

23/24 June?
