THE PRIME MINISTER

24 February 1984

*My dear Governor,*

I was very sorry that other engagements made it impossible for me to see you during your visit to this country earlier this week.

I was interested to hear of your talk with Lady Young and was delighted to receive the marvellous gifts from His Excellency the President of Panama and yourself. These will form a lasting memento of your visit.

*Yours sincerely  
Margaret Thatcher*

Senora Licenciada Dorys Vargas de Rosas.
