

10 DOWNING STREET

From the Private Secretary

7 January, 1985

Thank you for your letter of 31 December about the visit to London of the Mayor of San Francisco. You confirmed subsequently that the dates of her visit were 18-19 March, not 19-20 March.

Since 19 March will be Budget Day, the Prime Minister's programme for these two days is very heavy. Mrs. Thatcher very much regrets that she will therefore be unable to receive Mrs. Feinstein.

Could you please arrange for this reply to be conveyed to her, with the Prime Minister's good wishes.
