THE WHITE HOUSE

January 17, 1985

Dear Margaret:

Ron and I were so pleased to see you at Camp David just before Christmas and we hope that you and your party particularly enjoyed your visit.

Thank you so very much for the 1984 Halcyon Days enameled box. Your thoughtful gift is a lovely addition to my collection of miniature containers. I truly appreciate your special kindness.

Ron and I hope that you and Denis had a memorable Christmas and we wish you every happiness and continuing success in the new year.

Sincerely,

Naucy Reagan

The Right Honorable
Margaret Thatcher, M.P.
