10 DOWNING STREET

Wednesday evening

Dear Prime Minister,

In your very kind letter, written to me on my birthday, you said "It is a fight the whole time." Life of all people must never give up."

I never imagined when I received it that you would be called to do battle in such difficult circumstances as has part ten days. Your courage has been outstanding and an example to the whole nation.

The country is prepared to follow you, support you and re-elect you, not just because of your policies, but because of your personal integrity and of your determination to search for truth, wherever it leads.

I am writing to express the loyalty
and support of all in the Unit at
this festive time.

I can also assure you, on behalf of
Rachel and myself, that you and Mr.
Thatcher will be in our prayers this
evening. In difficult personal circumstances,
I have found that prayer has released
new resources which meet the contingency

I am convinced that you need
fear nothing or none in the hours
tomorrow and that it will be a
real success.

With every good wish

Yours ever

James Griffiths
