From the Private Secretary

3 March 1986

INCENTIVES TO WORK

The Prime Minister today discussed with your Secretary of State his minute to her, undated, which proposed a MISC group to look at incentives to work.

The Prime Minister felt that a MISC group would not be the best way to take this work forward. However she invited your Secretary of State to arrange for a paper to be prepared for discussion at this stage only with her.

(David Norgrove)

John Lambert, Esq.,
Department of Employment.
