THE PRIME MINISTER

I have
Detailed evidence on how of large workshop
and I will ~~say~~ ^{say} something about that
will go as far as I can safely go

Other methods have been proposed - range of
from which to well respond to relevant matters
to the Ministers' Orders - and ^{as I heard the} ~~with~~ ^{about that}
has been done - without ~~it~~ sufficient effect. ^{Yours etc}

~~Wholesale criticism has been voiced and I take~~

and of some of the criticism - comment will be made by
Council debate - ^{and heard some of the details raised by other countries} it was clear that some of the

criticism ~~was for~~ and others / come from those very

whom who have referred to my own paper done

to the press - largely note of the Council's National Committee
do not hesitate to use it for their own
propaganda purposes

THE PRIME MINISTER

Of course we were aware of the wider arguments
 - of popular fears - ^{rather} ~~plans~~ ^{on} ~~them~~
 fears - ^{is a true point} ~~what is part of the latter~~
~~don't do anything effective~~
~~don't do anything by fighting back~~
 Don't do any ~~to~~ ^{work}

Of course we were aware of the wider
^{issues} ~~points~~ - and of people's fears. ^{Personal}
 attacks for ^{some} and ^{plans} on ^{their} ^{fears} ^{without}
~~Don't do anything effective to resist the argument~~
~~Don't do anything~~
~~Don't do anything~~
~~Don't do anything~~
 and if their tactics succeed it says the
 will of individuals to resist. And so we have
 heard some of the arguments ^{in the world} - ^{don't} ^{avoid}

Overhead with the United States - a report that is
fighting back - we may expose ourselves to more
abuse.

The Special Commission has to be defended
~~and that the go~~ not intended. ^{and I am the} ^{we cannot turn} ^{the other} ^{way.} ^{the}
all other methods have failed. It is right that
the Government should know we can no longer attack

with impunity either other people or his own people
who have taken refuge in some countries that are free.
~~It is not enough to say that those guilty of crimes their names~~
~~must be found & punished as they were~~
