SECRETARY OF STATE FOR THE ENVIRONMENT

CHOGM and the Gleneagles Agreement

with TF?

1. Thank you for your timely letter of 14 October. The points you make about the limits on our freedom for manoeuvre are well taken, and I can assure you that we have them well in mind. The crux of the matter is, as you say, that we do not have the power to limit individual freedoms in the sort of way others may have, and might wish to see us take as well.
2. I am copying this minute to the recipients of your letter.
