

Mr Powell

no!

CHOGM PHOTOS told
We have no spares 'office
nor presumably does
anyone else.

I do not know the
rear corridor in No 10
where these hang. Does
anyone look at them
there? If not, they
might do more use
in CCD. But I can
see arguments for
keeping them in No 10.

Sorry to trouble you with
this not very major issue.

M Starn 8/4
