THE PRIME MINISTER

*Dear Mikhail Sergeevich,*

I was most grateful to receive your warm and generous message. I remember every one of our meetings, from your visit to Chequers in December 1984 through to our most recent encounter in Paris for their intense interest and their practical results. I believe that together we really did contribute to changing our world, and your own contribution to that has been outstanding. I share your hope that we can continue to meet on future occasions.

Meanwhile, Denis joins me in sending you and Raisa Maximovna our warmest regards.

*Yours sincerely*

*Margaret Thatcher*
