25 November, 1986.

The Right Hon. Margaret Thatcher, M.P.
Prime Minister,
London.

Dear Margaret,

At 9att

Many thanks for your message of 20 November containing your summary account of the main topics which you discussed with President Reagan during your recent visit to Washington - which I note you say at the outset was a national and not an E.E.C. Presidency occasion.

I have now also received your separate message about the Internal Market which I have directed should be examined quickly and positively and hope to be replying to you on this soon.

With best wishes

Yours sincerely,

Garret FitzGerald
Taoiseach.
