

10 DOWNING STREET

THE PRIME MINISTER

24 August 1987

*Private & Confidential*

*Dear Viscount,*

I returned from holiday to find the most delightful surprise in my Study.

The beer jugs and the silver cups are beautiful, and it is most apt that the latter are inscribed with the word "Friendship" characterized by your unselfishness in parting with such objects.

Thank you for the trouble you have taken to choose silver which will give me enormous pleasure whilst on loan to No. 10.

*Louisa*
