

PRIME MINISTER

Next Week's Whipping

The simplest day for you to vote in the House is on a three line Whip at 10.00pm on Wednesday for the abolition of ILEA.

However, on Tuesday, the Prevention of Terrorism Act will come up at, I would guess, about midnight, after the remaining stages of the Immigration Bill.

Agreed
The advantage of you voting on the PTA is that it strengthens your hand in criticising the Opposition for not supporting it. The disadvantage is that you are to leave for Brussels early on the following morning and returning in the early evening.

Which would you prefer to do?
