EXTRACT FROM AN INTERVIEW IN TOYO KEIZAI ON 23RD JULY 1988
GIVEN BY DAVID PEAKE, CHAIRMAN OF KLEINWORT BENSON LIMITED

--By the way, we have recently heard about the "Reborn Britain" under the leadership of Prime Minister Thatcher. Do you think this is temporary, or are the changes permanent?

Peake: I don't think it temporary. A miracle has been performed by Mrs. Thatcher and the British people. I believe Thatcher has released a burst of creativity in the British people that had long been suppressed. The British economy has trodden the long path of restructuring, from heavy industry to light industry, and now we have basically succeeded in complete revitalisation. I am bullish about the British economy.
