

cc Sir Percy Cradock

(1)

PRIME MINISTER

SPEECH ON EUROPE

You are to give a speech in the 14th century Town Hall in Bruges on 20 September, under the auspices of the College of Europe.

It is an opportunity to set out your views on Europe's future, focussing mainly but not exclusively on the EC. You then take questions.

I attach what is very much a first draft, as the basis for a talk when you have time.
