Dear Margaret,

Could I thank you so much, for  
your patience and your help!

Our issues are happily and  
sturdily resolved. You were right  
to say I was letting myself get a  
little trapped in a departmental view!  
When you've time (!) I'd love a  
more general chat.

Overnight reflection, Sheila, you  
and Nigel's help have reminded me  
why I enjoy serving you!

Thank you,

John
