THE PRIME MINISTER

4 November 1988

Dear Mr. Krol

I was so sorry that we had to break off our discussion yesterday because of lack of time. I very much enjoyed the opportunity to meet you all and to hear your views. The insights you gave me into Poland's problems and the ways in which these could be dealt with were very helpful in my subsequent discussions. May I also say how much I admire and respect your courage and determination.

Yours sincerely
