Mr. A.W. Clausen, at present the President of the Bank of America, is to become the Chairman of the World Bank in June. He will be here in London on Thursday, 19 March and has asked to see you. It is a bad day because you have Cabinet, Questions, a briefing meeting for the European Council and a State Banquet given by President Shagari of Nigeria. But Tim Lankester and the Treasury think it might be a good idea if you could have a short meeting with him.

Would you like me to fix something for, say, 6 p.m.?

~~Yes~~  
CS.

His office have just rung to say he is also available on
