THE PRIME MINISTER

25 June 1987

Dear President,

Thank you for your letter of 5 June about the Venice Economic Summit, echoing the sentiments of the President of the Organisation of African Unity.

In reply to President Sessou-Nguesso I was able to point out that developing country issues, particularly those of African countries, were discussed in detail at Venice, reflecting the importance that we attach to them. In case you have not seen it I enclose with this letter a copy of the Venice Economic Declaration. I also enclose a copy of my reply to President Sassou-Nguesso.

Yours sincerely

Ronald Reagan

President Ahmed Abdallah Abderemane
