

PRIME MINISTER

SA

Yesterday John Gummer showed the attached papers to the Chief Whip. They are from a private and confidential survey undertaken by the Party on a nationwide sample and show the effect of the Community Charge in certain parts of Finchley and Chipping Barnet. The Chief Whip and I thought you would be interested to see them because they illustrate some of the features of the Community Charge which will also be felt in other constituencies all over the country.

On the paper which deals with Elmshurst Crescent you will see the effect after the application of the safety net on several 2-adult households for that area. These are, of course, properties which are at present low-rated.

These papers of course illustrate shifts between <u>individuals</u> which, by definition, are not covered by the safety net - that relates only to shifts between <u>areas</u>.
