From the Private Secretary

16 October 1989

Dear Roger,

**COMMUNITY CHARGE: STANDARD SPENDING ASSESSMENTS**

The Prime Minister was grateful for your Secretary of State's minute of 10 October.

On capital receipts, she hopes that the Ministers concerned will be able to reach agreement on a treatment which is both fair and maintains the incentive for authorities to dispose of surplus assets. She is content with the remaining proposals, subject to the views of other colleagues.

I am copying this letter to the Private Secretaries to other members of E(LG) and to Sir Robin Butler.

Ye,  
Paul
