JOHN J. LOUIS, JR.

Dear Prime Minister,

May I express my profound admiration for your leadership of the actions taken by your country in the crisis of the Falklands. You have ably demonstrated that there is the determination and the will in the West to prevent aggression from being rewarded. The performance of your forces has been exemplary.

I and my associates here mourn the losses of your countrymen who gave their lives in the cause of freedom and self-determination.

Sincerely,

John J. Louis, Jr.
