*attached*

Thank you for your letter of 19th March asking some questions about the circumstances surrounding the sinking of the General Belgrano. Since you wrote this letter, you have seen the Prime Minister's letter to Denzil Davies of 4th April and you have yourself had a further round of correspondence in your letter of 5th April and the Prime Minister's reply of 12th April. There is nothing that I can usefully add.

*you*
