THE PRIME MINISTER

4 February 1988

Dear Keith,

Thank you for your letter of 1 February.

I regard the PTAT trans-Atlantic cable project as an excellent example of what can be achieved by private sector collaboration on an international scale - and in a field still largely dominated by monopoly entities. Clearly, the decision by Telecom Eireann to land a spur in Ireland represents something of a breakthrough for Cable & Wireless and its US partner. I am therefore following up your suggestion that I should write to Mr. Haughey welcoming this development. A copy of my letter is attached.

I have sent a copy of this letter to David Young and Geoffrey Howe.

Yours

Raymond
