VISIT TO CANADA

Thank you for your letter of 14 April enclosing a copy of the Ottawa telegram setting out proposals for the Prime Minister's visit to Ottawa on 22 June.

I think that the Prime Minister would be content with the programme proposed but would certainly not wish to add to it given that she will be returning overnight to London for Cabinet, Questions and a statement on the Economic Summit.

You are already, I think, giving thought to the draft of the Prime Minister's speech to the Canadian Parliament.
