**PRIME MINISTER'S VISIT TO CANADA**

I have seen Ottawa telegram No.376 with the revised programme for the Prime Minister in Ottawa. I see no reason to object to this although I think we can delay the Prime Minister's departure from the hotel in Toronto until 0815, reducing the waiting time once she arrives at the Parliament in Ottawa. The 1820 departure time from Ottawa should certainly remain unchanged. I do not think that a visit to the New National Gallery is necessary, and confirm our judgement that the Prime Minister will not give a separate press conference in Ottawa.
