STAR CHAMBER

1. We have heard on the grapevine that Mr Moore hopes to visit Russia for three or four days in the second half of October and that Mr Channon plans to go to China for ten days at that time too. Both are candidates for the Star Chamber. I hope therefore that if, and when, they apply to you for permission to go, you will either refuse it or make it conditional upon their having reached a settlement in their bilaterals with the Treasury, thereby avoiding the need to go to the Star Chamber.
