

Re Governor

John Ken rang at 3:25. As
the G. will say when he returns, the
Chancellor wants to have a meeting with you
on the exchange rate & interest rates. It
needs to be in the morning if a possible
need for action later in the day.

He will field, at least, Wars, Cargers,
Middleton & Walters, & possibly Lovell
& Paraty.

I told him that you should be back in
the Bank by 11:00 if possible, & I think he
will give to suit that. I await a call on
the exact time.
