Sir Alan Walters has shown me your letter of 21 November in which you suggest that some of your members might meet the Prime Minister to emphasise British consumer support for resisting any increases in European Community resources without CAP reform.

I very much regret that it will not be possible for such a meeting to be organised but I note from your Chairman's letter to the Prime Minister of 15 November that you were to meet the Minister for Agriculture, Fisheries and Food and I hope that you had an opportunity to put your points to him.
