Dear Mr Lambert,

I should like to thank you, and all the members of the staff of the Hotel Vancouver, for making my short stay in your city so pleasant and comfortable. We could not have been looked after better, and I hope you will convey my gratitude to all concerned.

With best wishes,

Yours sincerely

Dear Captain Walpole,

I should like to thank you and all the members of your crew and other British Airways staff most warmly for the magnificent journey to Vancouver. It has never occurred to me before to travel 12,000 miles for the weekend, and it certainly would not be possible by any other means. But we did it in style and I am immensely grateful to you all.

May I add a particular word of thanks for the fly-past at the British Day of EXPO. This attracted enormous interest and was a real triumph.

With best wishes,

Yours sincerely
Margaret Thatcher

Dear Tom,

It was immensely generous of you to make Concorde available for my journey to Vancouver for EXPO '86. I should certainly never have been able to get there without it, and it gave us all a very comfortable and smooth journey. The crew could not have been kinder and more attentive, and the whole operation reflected great credit on British Airways. I was particularly grateful to Colin Marshall for accompanying us on the visit.

Concorde's fly-past at the opening ceremony of British Day was a tremendous display, indeed you could say that it Made the Day. I am very grateful to Captain Walpole and his crew for executing this so brilliantly - indeed for a moment I thought that we were going to get the first barrel roll by a supersonic aircraft!

With many thanks and best wishes from Denis and myself.

Yours ever

Dear Premier,

May I thank you most warmly for the tremendous hospitality shown to me during my visit to Vancouver for EXPO '86. I was greatly impressed by EXPO itself and its bold and confident approach to our future needs, which seemed to me to symbolise the spirit of British Columbia. It is a magnificent achievement and one of which you and your people can be very proud. I was no less grateful for the very warm reception which I received from the people of Vancouver, which has left a deep impression.

I should be grateful if you would pass on my thanks to all those who helped make British Day such a success and who did so much to make my own visit - brief as it was - so enjoyable. I would like to say a particular word of gratitude to your colleagues Mr. Garde Gardom, who met me at the airport, and Mrs. Grace McCarthy, who saw me off.

Finally, thank you very much for the kind gift of silver salad servers and the book on the British Columbia Pavilion. Both will be treasured reminders of a very happy if high-speed visit.

With best wishes,

Yours sincerely

Margaret Thatcher

Dear Ambassador Reid,

I should like to let you know how very impressed I was by my visit to EXPO '86. It is a tremendous achievement and one of which the people of British Columbia can justly be proud. I congratulate all those associated with it for their imagination and hard work.

May I say a particular word of thanks for your kind words at the opening ceremony and for the set of prints by Canadian artists which you so generously presented to me. They will remind me of a highly enjoyable visit. And would you also please thank Mr. Noyes Roberts for so kindly escorting me on my visit to EXPO.

With best wishes,

Dear Mr. Howe

I very much enjoyed my visit to the Canadian Pavilion at EXPO '86 and would like to thank you most warmly for the trouble you took to show me round. It was a most impressive display of Canada's vision of the future in transport and communications. Thank you, too, for the generous gift to remind me of the visit.

Dear Mr. Allan,

I congratulate you most warmly on the success of the British Pavilion of EXPO '86. It must have involved a great deal of hard work, but the result was a very good presentation of what Britain has to offer in transport and communications. The British Day was very well organised and enjoyable, and I am delighted to hear that we had the biggest turn-out of all the national days for our opening ceremony. Please pass on my thanks to all those British and Canadian friends who contributed so much to the success of the event.

With best wishes to you and your wife,

Yours sincerely

Dear Mr. Stephenson

I am most grateful to you and all your staff for the excellent arrangements made for my brief visit to Vancouver for EXPO '86. It went like clockwork despite the very full programme. I was very pleased, too, with the effort which had gone into the store promotions. I hope that I attracted a few extra customers! I know what a great deal of work all this involved for you and your colleagues and send you all my warm thanks.

With best wishes to you and your wife.

Dear Sir Derek,

I was most grateful to you and to Sheila for your kind help and support during my visit to Vancouver for EXPO. It was strenuous exercise but I hope worthwhile. I thought that Britain put on a good show and Concorde added particular lustre. Please also pass on my thanks to the members of your staff who had obviously worked so hard to make a success of our contribution to EXPO, of the trade promotion and of my own visit.

You will form your own judgement of the meeting with Mr. Mulroney. It is a pity that he brought in so many people; and he or his people seem to have said a good deal more afterwards than we agreed. Indeed the arrangements for meeting the press afterwards were rather bizarre. The meeting of Commonwealth Heads of Government in August promises to be difficult. Anything you can do before then to emphasise further to the Canadians some of the points about sanctions which I made will be very welcome.

Yours sincerely
Raymond Baxter

With all best wishes and once again thank you very much indeed.
