My dear Prime Minister,

mt

I very much appreciated your having found the time in your own busy schedule last month to see me during my visit to London.

I was delighted that you were able on that occasion to make the informal arrangement whereby you agreed to speak to my Party during your subsequent visit to Canberra.

It was a valuable fillip to Party morale to meet with such an outstandingly successful leader from our side of the political spectrum.

I found our meeting very helpful and your own leadership of your Party and country an inspiration.

With kind regards.

Yours sincerely,

*John Howard*
