Andrew Turnbull Esq
Principal Private Secretary to the Prime Minister
10 Downing Street
LONDON SW1A 2AA

17 January 1989

Dear Andrew

CLIMATIC CHANGE: SEMINAR OF EXPERTS

Thank you for sending me a copy of your minute of 3 January to Richard Wilson in the Cabinet Office.

My Secretary of State supports the provisional arrangements made for this seminar and agrees that there should be a UK attendance only. He would wish to see added to the list of names down to attend Professor E W J Mitchell, Chairman of the Science and Engineering Research Council and Dr A E Hughes, the SERC Director of Laboratories. He also suggested the addition of Professor J Knill, Chairman of the Natural Environment Research Council and the retention of Dr John Woods who is already listed among those to be invited.

Mr Baker also supports the suggested inclusion of Dr John Houghton, proposed in Jeremy Godfrey's letter to you of 11 January.

I am copying this letter to recipients of yours.

Yours etc,

Tom Jeffery

T B JEFFERY
Private Secretary
