Dear Mr Morris,

As I mentioned to you by telephone yesterday, I have written on my Committee's instruction in the terms of the attached letter to the Principal Private Secretaries to the Chancellor of the Exchequer, the Minister of Agriculture and the secretaries of State for Foreign and Commonwealth Affairs, Trade and Industry, Education and Science, Transport and the Environment.

I enclose a copy of the volume of Memoranda, and should be most grateful if it could be made available to the relevant officials.

I am sending a copy of this letter to Dr David Hauser in the Department of Energy.

Yours sincerely

Paul Hilt

My Committee is aware of the seminar on global warming called by the Prime Minister. They decided that they would draw the attention of the principal Ministers attending this seminar to the published volume of Memoranda which they have received. I enclose a copy and should be most grateful if it could be brought to the attention of the Chancellor of the Exchequer.

In case your departmental officials would like transcripts of any of the oral evidence sessions we have held in this enquiry, I have listed our oral witnesses overleaf, together with a list of the principal pieces of written evidence which we have not yet published.

Please contact me if I can help further.
