Dear Sir Rex,

Thank you again for your first-rate contribution to the Seminar on Science, Technology and Industry at Lancaster House of Monday.

Your paper was not only valuable in itself but also for the way it stimulated other contributions from the floor. Many thanks for all the work you put into it.

I thought the day a success and I shall be giving thought to how we can follow it up in a suitable way. If you have any views on the follow up, I would be delighted to hear them.

Yours sincerely
Margaret Thatcher

Dear Mr. Flester,

24/8

I am replying to your letter of the 9th which has only just reached me in Rome.

Of course I shall be delighted to come to the meeting on September 12th at Lancaster House and will make a contribution as you suggest.

I have already written to Dr. Nicholson & explained that I am committed to giving a plenary lecture at a meeting in

Grenoble on Friday Sept. 9th, so
shall not be back in Oxford
until the 11th, as I am driving.

I can therefore expect him to send
any papers for the meeting to me
c/o Prof. Adragam in Paris (whom) I'm
staying with from the 2nd - 4th, or to
Grenoble, c/o Conference MT8
5th - 9th
