THE PRIME MINISTER

17 September 1983

Dear Professor Kingman.

Thank you again for your first-rate contribution to the Seminar on Science, Technology and Industry at Lancaster House on Monday.

Your paper was not only valuable in itself but also for the way it stimulated other contributions from the floor. Many thanks for all the work you put into it.

I thought the day a success and I shall be giving thought to how we can follow it up in a suitable way. If you have any views on the follow up, I would be delighted to hear them.

Yours sincerely
Raymond Deakin
