*Agreed with HMT  
to defer circulation*

*Dear Tim,*

*R

**PRIVATISATION**

Andrew Turnbull wrote to me on 28 February saying that the Prime Minister thought it would be appropriate for E(A) to have a further look at the privatisation programme "in about a month's time". We now have a near-final draft of a paper; however, in view of current major developments in the programme, of which you will be aware, we should prefer to hold on to it for a little longer.

Accordingly, unless you see any objections, we intend to defer circulation until end-April, by which time we shall be able to take present developments fully into account.

I am copying this letter to Richard Hatfield (Cabinet Office).

*Yours ever  
Rachel.*
