Dear Mr & Mrs Morrison

Please forgive the delay in  
replying to your letter of 15<sup>th</sup> February  
about clause 27 of the Local Govt  
Bill. We greatly appreciate your  
approach. People are free to live their  
own lives in private but should not  
expect to flaunt their lifestyle on  
the local authority rates to the offence of  
their fellow citizens.

I am endorsing the speech of Ray  
Lawson who put the case for all  
decent people in his remarks in the  
House of Lords. Would there were more  
like him in today's Labour party!

Warm regards to you both.

Yours sincerely  
Margaret Thatcher
