Des Chas

Thank you for your letter. I will drop you a line in mid March on my latest thinking on Mr G. I will leave it as late as possible so as to be up to date.

It may be worth wading hell after the election:

late hand. Incidentally have you thought of getting

!! Mrs G to attend the Soviet Sovereigns Parade in 7 April?

You very kindly let us have some notes on Gorbachev, economics and defence, shortly before Mr Gorbachev's intended visit to the United Kingdom last December. They were regarded as very valuable here (you will know what I mean). Now that the visit has been reset for early April, it would be very helpful to have any further thoughts you may wish to put in covering recent developments. If possible we would like to have these by mid-March. I hope this is not an imposition.
