LAUNCH OF BRITISH SATELLITE BROADCASTING

Sir Trevor Holdsworth (Chairman of BSB) rang me this morning to say that he wanted the Prime Minister to perform the launch for BSB. The date he now has is Sunday, 25 March. I told him to drop me a line and we would then arrange for the Prime Minister to consider it alongside the many other demands on her time. I told him not to be too optimistic.

PLG.

PAUL GRAY
