STATE VISIT BY PRESIDENT MOI OF KENYA

It was necessary to start work on the programme for President Moi's State Visit (12-15 June) before the Election, but I should like to be sure you are happy with the arrangements for your own involvement in the visit.

Would you be content with the following programme for Wednesday, 13 June?

1045-1115 1215-1300
1115-1245 *Mung*

Tete-a-tete discussion in the study.

Would you like Lord Carrington or a Junior FCO Minister to be present as well as notetakers?

1300 for
1315

Lunch in the State Dining Room for about 66 guests (including wives)

1445-1600

Plenary session of talks, attended by the full Kenyan delegation and by UK Ministers and Officials concerned, in the Cabinet Room.

May I confirm that you will not wish to attend the dinner in the Guildhall which is being given for President Moi on the evening of 13 June (it is not usual for the Prime Minister to attend these Guildhall occasions)?
