REVISION TO PROPOSED RULES OF ENGAGEMENT FOR SSNs

Reference:

A. CDS 2038/1/1 dated 6 April 1982.

1. At 062350A April the Maritime Rules of Engagement (ROE) Cell member in the DSC was called on the telephone by the PS to S of S. S of S is not happy with the inclusion of all ARGENTINIAN warships including auxiliaries in one rule (Rule THREE at Annex A to the reference) and requires a separate rule for combatant warships only.

2. A draft of revised proposed rules, which it is understood from PS to S of S will satisfy S of S, is attached.

3. S of S is aware of the requirement to promulgate the rules by mid-day today.
