Follows Sec/State Haig's arrival statement at Ezeiza  
Airport, Buenos Aires:

QUOTE - Good evening ladies and gentlemen. As you know  
President Reagan has asked me to represent him personally  
in speaking to his friends in finding a solution to the  
crisis in the South Atlantic. It is my hope that I can  
be of help on the basis of UN Security Council Resolution  
502 to find a diplomatic solution. This is my first visit  
to Buenos Aires but I've had an opportunity earlier this  
week to discuss the situation with Minister Costa Mendez

and as you know Argentina and the United States  
hemispheric  
are/~~xxxxxx~~ partners with many years of  
historic cooperation. That relationship which  
has become even more cordial in recent months  
should serve as a good basis in seeking to  
avoid conflict and I much look forward to the  
important discussion I will hold tomorrow with  
your President, the President of the Nation, and  
with Minister Costa Mendez. Thank you. - UNQUOTE
